

# WEEKLY/MONTHLY CLEANING & SANITIZATION PROCEDURES

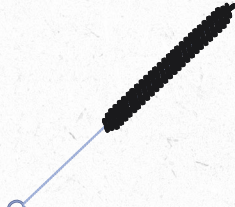

## TOOLS YOU WILL NEED:

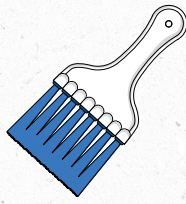

3 gallon bucket

Approved Sanitizer

Nozzle Brush

Condenser Brush  
(Counter Electric Only)

Clean Cloths

Ice Bin Brush  
(Ice Combo Only)

**!** IMPORTANT DO NOT RUN nozzles, drip pan or other small parts through a dishwasher and DO NOT USE HOT WATER or BLEACH.

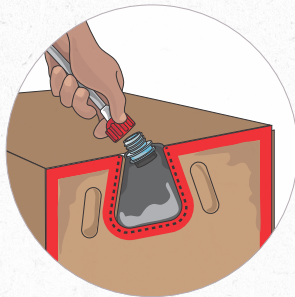

## Weekly Cleaning the Syrup Connectors

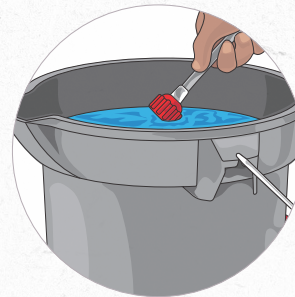

1 Wash hands with soap and water

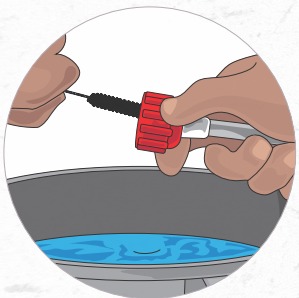

2 Prepare approved sanitizer in a 3 gallon bucket

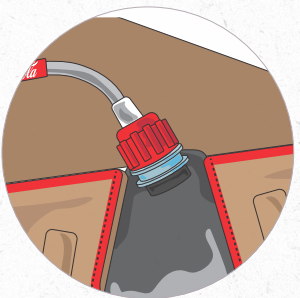

3 Disconnect syrup line from bag-in-box (BIB)

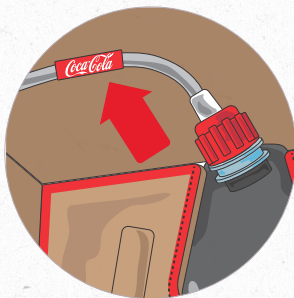

4 Soak all connectors in approved sanitizer for 1 minute

5 Scrub connectors while they soak in approved sanitizer

6 Shake BIB connector and reconnect to the correct BIB

7 Check the line to verify the correct brand line tape is attached, and replace line tape if necessary

**IMPORTANT**

It is OK to soak multiple connectors at the same time, if they are marked with a flavor label.

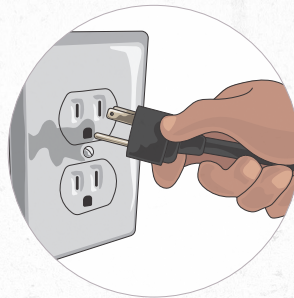

## Monthly Cleaning the Ice Bin on an Ice Combo

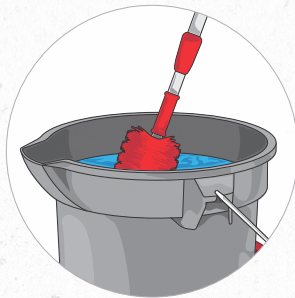

1 Wash hands with soap and water

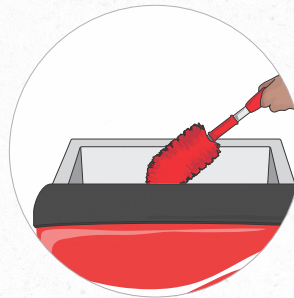

2 Prepare approved sanitizer in a 3 gallon bucket

3 Unplug the dispenser and ice maker

4 Dip ice bin brush into the bucket of approved sanitizer

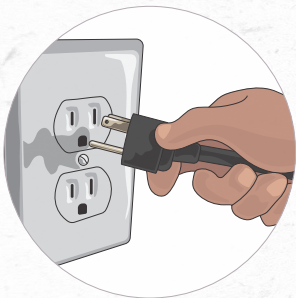

5 Clean the inside of the ice bin with the ice bin brush

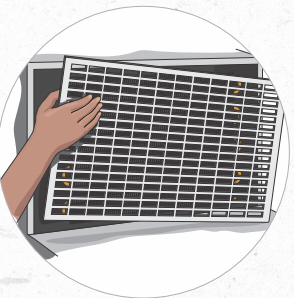

6 Plug in the dispenser and ice maker

## Monthly Cleaning the Counter Electric Condenser

1 Unplug the dispenser

2 Remove counter electric cover to expose condenser

3 Clean condenser fins with the condenser brush

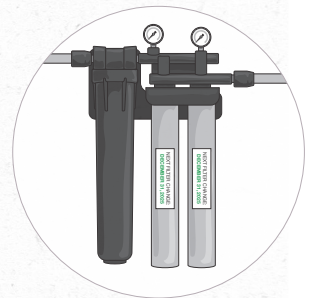

4 Replace counter electric cover and plug in dispenser

## Monthly Other Checks

Check product valve decals and replace, if necessary

Check water filters to ensure they are current and replace, if necessary
