

# RCGI FORM INSTRUCTIONS

- Distributor Name & Location – the form contains the primary distributors that RCGI uses in the California market ... including the OPCOs for US Foods and SYSCO. For all other distributors, please identify the full name and city for the distributor by manually typing in the contents.
- Comments & Special Requests – This text box is free flowing allowing you to add additional information ... please use enter to create a new line and number the requests to make it easier to follow. The text block will auto-adjust to hold the content.
- Equipment Selection – The most common equipment types are listed within the drop-down boxes, but you can also type in an item if you do not see it in the list. Please indicate the dispenser, number of valves and valve type for dispensers, and simply the number of buttons for bar guns. The ‘OTHER’ line on each row should indicate custom features (e.g., Stainless Steel Merchandiser).
- Brand selection block – check all of the boxes for the brands you intend to use, as the form will use this information to calculate the required number of pumps. You can manually override the required number of pumps as well ... in the event you require two or more BIB rack installations.
- All fields within the form can be overridden with manual entries excluding:
  - Brand selection blocks at the bottom of the form. If you have a brand that is not listed on the hard-coded entries, please use the five open fields on the bottom right of the form.

## RACKS

The following is a quick reference for determining the appropriate BIB rack for the selected combination of online and storage BIBs. Please take into consideration the height of the racks ... the combined height of the rack should not exceed 80”.

## CARBONATOR SHELVES

Carbonator shelves should be used if the carbonator is going to be installed in the backroom of the establishment.

**The following is for demonstration purposes only. The height of the rack should be taken into consideration for OSHA, safety, and operational concerns:**

# BIBs	SPACING		
	16” Width	28” Width	41” Width
3	(3) CAMEO ONE RACKS (44236)	NA	NA
6	(6) CAMEO ONE RACKS (44236)	(1) PREMIER RACK 1 (44239)	NA
9	NA	(1) PREMIER RACK 1 (44239) <b>AND</b> (1) PREMIER ONE RACK (44238)	(1) SUPREME RACK (44243)
12	NA	(2) PREMIER RACK 1 (44239)	(1) SUPREME RACK (44243) <b>AND</b> (1) SUPREME SHELF (15344)
15	NA	NA	(1) SUPREME RACK (44243) <b>AND</b> (2) SUPREME SHELF (15344)
18	NA	NA	(2) SUPREME RACK (44243)
